Details of the pre-application advice received

In a previous application for rear/loft extensions to the host property and side/rear extensions to form one new attached dwellinghouse (description summarised), it was deemed by the case officer that 'one plot' is preferred by planning. It was also deemed by the case officer that a contemporary dormer feature to the rear was supposedly unacceptable.

This new proposal is designed to specifically resolve these two issues raised previously with a significantly reduced loft extension omitting an entire bedroom (an area 5.6x 2.3m removed), and the development now forming one unique/functioning building rather than two, with one entrance etc. All other matters were previously considered acceptable (besides easily rectifiable Ecological/Section 106 items) therefore it is trusted that the Council will be in agreement that the project is now fit for approval subject to any conditions deemed necessary. Thank you.
