

**EPF/2440/21 – 44 Barrington Green, Loughton, IG10 2BA –
Erection of a single storey rear extension & front porch – Min
no PL95.1**

Members considered the amended plans for this proposal but felt they did not address the Committee's previous concerns regarding the alleyway.

The Committee OBJECTED to this application stating that building into, around, blocking, stopping light or encroaching on the shared passage was unacceptable.

Members requested that should the local planning authority be minded to approve this application, a condition be imposed that materials should match the existing.
