

Epping Town Council Planning Comments 9/2/21

EPF/0052/21	8 Boleyn Row Epping CM16 6FF Mr Graeme Piper	Part single/two storey rear/side extensions, replacement larger roof window on rear elevation, conversion of rear half of existing garage.
<p>Committee OBJECT to this application.</p> <p>The proposal is an overdevelopment of this six-bedroom detached dwelling in terms of its bulk and scale. This development would affect the streetscene, creating a terracing effect on the particularly styled detached houses on Boleyn Row on the Kings Wood Park estate. It would set a precedent for future applications in that area.</p> <p>This development would result in a loss of amenities for neighbouring properties in terms of loss of natural light, overlooking, privacy, noise and visual impact. The Committee received one neighbour objection to these proposals which was noted.</p> <p>The loss of part of the garage would also have an impact as there is already a major issue with car parking on that street.</p> <p>Relevant policies: CP2 (iv), DBE9, DBE10 (i) and (ii), H3A (iv) (Adopted Local Plan) Emerging Local Plan: DM9F, DM9J, DM10E, H1A (ii) and (iii) NPPF: Para 8 (b), 9, 105, 106, 127, 180</p> <p>Epping Town Council confirm they will attend and speak at Plans East to object to this proposal.</p>		
EPF/0033/21	23 Buckingham Road Epping CM16 5AF Mr M Kellinger	Two storey rear and single storey rear extensions. Single storey side extension. (Revised application to EPF/2489/20)
<p>Committee OBJECT to this application.</p> <p>This revised proposal, while slightly improved still causes an impact on the neighbouring car parking spaces on the proposed side development of the dwelling. The committee acknowledge the neighbour's objection which includes their concern about the closeness of proposed boundary wall would still impede the use of this and other neighbouring parking spaces. The committee agreed that this would still mean a loss of amenity for the neighbours.</p> <p>There was also new evidence from two other neighbours' objections regarding this revised proposal which the committee have considered. Committee consider this proposal as an overdevelopment of this dwelling which would also impact on the neighbours at the back of the property.</p> <p>The neighbours are concerned that the rear extensions moving further backwards and very close to their fence line. Committee agree that there would be a loss of amenity in terms of overlooking and privacy into the neighbours' gardens that it backs onto.</p> <p>The proposal would be reducing the size of garden and the neighbours are concerned about the potential loss of habitat for wildlife in their gardens by this proposed development. Committee request that the trees that are currently planted in the garden remain unaffected by the development as they provide a screen to neighbours' gardens.</p> <p>The neighbours are also worried about how the drainage watercourse at the end of the gardens which would be affected by this development and any potential risk of flooding. Committee advise that a</p>		

site visit could be necessary by EFDC's Building Regulations to check this proposal's impact on the drainage watercourse before any works are granted.
