7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Strongly agree

Please explain your choice in Question 7:

Mainly the infrastructure argument. In particular many services already need updating. For example the sewerage system. They would virtually collapse with the extra burden thrust upon it.

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.

My main objection is use of the Green Belt. I've heard no justification or satisfactory rationale for this.

9. Do you wish to comment on any other policies in the Draft Local Plan?

Protect the Green Belt. It was given to us all. We are morally due to pass it on similarly.
