Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Disagree

Please explain your choice in Question 1:

Epping Forest seems to be building considerably more homes than neighbouring districts taking into account the square miles of each area. The plan doesn't seem to provide for an enhanced quality of life for the people that live here - just to build more houses. The council can't even ensure a good quality of life for the current residents in terms of parks, doctors, dentists, leisure facilities, parking, transport and yet we are to believe that everything will be fabulous once you build a load more houses on our greenbelt.

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 2:

No green belt should be built on. Epping is already too densely built on.

3. Do you agree with the proposals for development around Harlow?

No opinion

6. Do you agree with the proposed sites in your area?

Epping (Draft Policy P 1):

No

Please provide reasons for your view on Epping:

The sites are taking away parking and building in areas where there is already congestion on the roads. I am hearing lots about where you want to build more houses, but not so much on where you are building new schools, doctors, parking facilities - where are these on the map???

7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Strongly disagree

Please explain your choice in Question 7:

No specific plans have been put forward for how you are going to resolve the congestion on the roads. As it is, the last 2 times I have driven into Epping I have been unable to find a space in the car parks or the parking on the road. The council has done nothing about that and hasn't provided any real solutions as to how they will resolve it with more houses going up.

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.
