Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 1:

Destroying green areas, important parking facilities like Trap's Hill car park to build more houses where there are not enough services to support more families is madness. It's hard enough to get school places, doctor's appointments, parking near the high road/leisure centre presently. I moved here from London to have a better quality of life for my son to grow up in, not for it to turn into another clogged up area bursting at the seams.

2. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Strongly disagree

Please explain your choice in Question 2:

I don't believe you should be taking away any of the green belt. This is what is attractive about the Essex area.

3. Do you agree with the proposals for development around Harlow?

No opinion

Please explain your choice in Question 3:

I don't live in Harlow so cannot comment.

Please provide reasons for your view on Epping:

Loughton (Draft Policy P 2)

No

Please provide reasons for your view on Loughton:

Taking away green areas to clog up with houses will lead to overcrowding, further struggles for school places, doctor's appointments etc. Trap's Hill car park is essential to me, parking near the Tube station is important also. The area cannot sustain more homes. I moved here from London for a more rural life for my son. Do not take it away to make money please.

7. Do you agree with the approach to infrastructure provision being proposed in the plan?

Strongly disagree

Please explain your choice in Question 7:

I believe you are thinking about profit to be made from building homes more than anything else. Where are you going to find all the qualified teachers, doctors etc from? We need experienced, reliable facilities not new builds thrown together for greed.

8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.

As previously said, I don't agree with the plans at all. It seems more set on making profit from homes than providing a better environment for the area.

9. Do you wish to comment on any other policies in the Draft Local Plan?

Please do not build on Trap's Hill car park. I use the leisure centre regularly and struggle paying for parking as it is. By making it more difficult for people to park less will exercise and more people will clog up the spaces on the high road.
