8. An Interim Sustainability Appraisal has been commissioned to support the Draft Local Plan. We would welcome any comments you may have on this.

while so many of the people involved on the council have interests in the property and can make money from this I don't think it can be done impartially. its like asking a football fan where should we build a new ground . but the people who own the land who sell the land and build it are in charge of the decision anyway . so those people with that business should not be apart of the decision making process.

9. Do you wish to comment on any other policies in the Draft Local Plan?
