I am writing to let you know the building Work you are proposing in the draft local plan of Loughton and Debden is totally unacceptable. Why has Debden (more so) and Loughton been chosen to accommodate a lot of the building works, in an already crowded area? You are taking away so much of people's leisurely pursuits i.e. playing fields for children to play football etc, walking activities for OAPs and also dog walkers . You are planning to build on car parks near housing areas which is going to invade people's privacy. We have just lost 2 iconic Public Houses, The Winston Churchill and The Golden Lion which has been on Newmans Lane for many years . A lot of people (elderly) who live in the Spinney care home have lost a favourable outlet, and where do they go now, stay indoors? As regards Borders Lane Playing Fields, I think it is a poor decision of Epping Forest College to sell this land for development purposes . We used to take our children and grandchildren to this field in the summer for picnics and have a thoroughly good day out, can't it be left for other people to do the same. We say no more houses or flats or car parks
