Letter or Email Response:

I am writing to complain about the proposal to build on our green spaces. These spaces are used by all local people for outside enjoyment both in the summer months for children's games plus cricket and walking and also in winter when, if it snows, the sleds come out and people get some welcome exercise. We need our green spaces for our well-being and furthermore, my council tax is higher than a neighbors house, exactly the same house as mine, as I have been told I have a nicer outlook on to the green. Traffic in our area is already at a standstill during rush hours, the roads are not fit for an influx of vehicles which would come with the extra people being housed.
