Letter or Email Response:

I am writing to complain about the plans to build on Loughton's green spaces, particularly Jessel green. I have lived here most of my life and did not wish to move away because of our beautiful open spaces in Loughton. I have brought my children and now grandchildren up to enjoy walking, picnicking, playing in these areas. These are beautiful safe places to enjoy so please do not take them away from us and from families to enjoy in the future. I do not wish to live in a built up town with more cars and traffic, noise and crowds. Loughton is a lovely peaceful area and people often when they visit me comment on how much open space and nature there is about. These green spaces have a calming effect on people just going for a walk to unwind a distress from life and problems to see people and children enjoying themselves, and people who do not have gardens need places to go to. It is vital we keep these spaces, in particular Jessles green please do not destroy our beautiful green.
