This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

Dear Sirs My family and I reside in **...Redacted...** north Weald which appears to be **...Redacted...** two new sites for potential houses along with a gypsy site. Unfortunately I have to say we are against the proposed new houses for the simple fact that we do not have the correct infrastructure in place and we do not appear to have sufficient planning for enhanced infrastructure put forward. My husband constantly sits in traffic going to and from work on a daily basis and increasing the amount of homes is only going to increase the amount of traffic. North Weald is such a pretty village, surrounded by lots of agricultural land. I am not sure why people would want to spoil this rather than regenerate brown belt land that is currently not being used? I also do not think Harlow can cope with an increase in homes where they are planned - the M11 roundabout is gridlocked most days around rush hour and I encourage the planning committee to try and drive around that area during rush hour to witness first hand all the bottlenecks. We have a lot of country lanes around here that are not fit for two cars passing by one another - if you increase the traffic around here will these roads remain the same? If the amount of homes increase will you be reopening the train line at north Weald to try to alleviate the road pressure? Whatever the outcome I hope it is given thorough thought for the people who are already residing here Many thanks **...Redacted...**
