Letter or Email Response:

Dear sir, I should like to make some comments re the proposals for the draft local plan 2760 more homes (average 4 people per home) equals over 11000 more people Where are the local primary or secondary schools that could cope with approx 5 to 6k children? Where are the health centres and could Princess Alexandra Hospital cope with this amount, as it is finding the current numbers difficult. The homes would have at least one car, possibly two, so could the roads cope with this amount of extra traffic? Are the water and sewage facilities able to provide their services? Have other areas of EFDC i.e Chigwell and Loughton also had unrealistic amounts of new housing suggested for them Are these homes to be for sale or to rent? I would appreciate your reply, as I feel this is far too many homes for this small area to assimilate.
