Attention Leon Girling, My name is **...REDACTED...** and I live at **...REDACTED...** Goldings Rise, Loughton, Essex **...REDACTED...**. It has come to my attention that there are plans set out to build many homes on station car parks and many of our green open spaces where the public walk their dogs and children play, apart from this being against my opinion as we do not have the infrastructure in place to handle the people that already live here let alone all the new family's that will arrive to live here, there are plenty of so called brown sites that should be considered first, where will all the extra car parking needed come from, where will all the extra children go to school and play, where will all the extra people shop be entertained, go to GP', hospitals, Etc. If there is a petition for or against these proposals, I am very against !
