Letter or Email Response:

As a longtime resident of Traps Hill; I wish to register my strong objection to the proposal to build residential units on the Traps Hill car park. I am especially concerned that this may involve high rise, which would be quite out of keeping with the character of this neighbourhood of single family dwellings. The car park provides a much needed service for two important community facilities, and any reduction in its capacity would place more pressure on the already very busy Traps Hill. I therefore urge you to reconsider and abandon this proposal. Please note that my judgement is informed by more than forty years' experience as planner, consultant, writer and lecturer on matters relating to urban development.
