This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

1 Building on Green Belt land is not allowed by the Corporation of London so why does E.F.D.C. think this is ok. 2 There is no mention where new schools will be built or other facilities that will be needed for the increased population. Schools will be needed as you build the houses. 3 No mention of the extensive bus services and roads to accommodate them especially as the buses will be needed as there will be little or no parking available as it will have all been built on. 4 Where are we supposed to park it's bad enough now. Why have underground car parks not been built. A good start would have been in the Langston Road where the shopping area is being built, and you could then have built on top of the car park.
