This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

You will be making a great mistake to build on Jessel Green. We have lived here for 42 years. We have seen the wonderful things it has done to the community such as our children can go on that green and play softly and have many hours of pleasure. We use it to this very day it is a life line for us, we use it every day for a walk and the environment for the old and the young away from the traffic. We have noticed that cars and driving at fast speed down Colebrook lane etc. So children are safer to play on the green. The Green's were deliberately planned as part of the garden suburb for the physical and mental health of its residents. The amount of people you are adding to Debden estate we will need further medical aid. A&E Hospital more doctor's surgery's and schools. Don't destroy Debden estate.
