Letter or Email Response:

To whom it may concern, I wish to raise my dis-approval and concern at the proposed development sites, on Green spaces surrounding Loughton and Debden. My children have enjoyed learning to ride their bikes, flying kites and in the winter sledging on these sites. In particular Jessel Green. They appreciate that they were/are lucky to have had these open areas so close to home. As I would continually tell them that where I grew up was in and surrounded by tower blocks and over populated communities. The very reason I moved out to this area in the first place was because I was attracted by the wide open spaces in the vicinity. Something that I never had as a child. It saddens me that if these proposals go ahead, my Grandchildren won't be as lucky as my children were, and may end up having to live in over-crowded communities as did I. Please listen to the voices of the local residents!!
