Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

To whom it may concern My objections to the plan are as follows: Where as I think we all appreciate that more homes are needed the plan for Loughton is excessive 1. The proposed development of the car parks will be dreadful and although car parking will be retained this will make the proposed development huge and unsightly , let alone the total chaos it will cause during construction . Development of the car parks is an ill thought out idea. 2. What is going to happen to the Library? 3. Loughton can hardly cope now with all the traffic !! with all this intended new homes the roads will be impossible and parking , which is already a joke , will turn into a nightmare 4. There are insufficient schools , doctors and infrastructure to cope with this over development . 5. People need open green space and the proposed development of several open green spaces is shameful 6. Loughton is already over populated and no way can it cope with this massive over development Regards Teresa Fleet
