### Letter or Email Response:

In response to your request on my opinion on why I very strongly object to building on Jessel Green 1. Jessel Green is the heart of the community the community revolves around this place. 2. It's safe it's open and surrounded by houses there is not if anywhere women can walk jog picnic with their families. 3. Children can play with kites etc. and like they always do two jackets on the ground for goal posts. 4. People use it to walk their dogs, is not near a (writing not scanned) joy when tobogganing down the hill I myself have whizzed down the hill many years ago. 6. It's a vital recreational space that is imperative for our young people. 7. For our wildlife that I watch every day. Please please listen to the people how do I know all this, I have used this field for over 60 years and still do when I walk my dog. I have even found a new young best friend so its used by young and old alike we all need less stress in our lives and Jessel Green gives us a place to unwind.
