Letter or Email Response:

I write to you in desperation to save our green spaces in Debdon. My wife and I have lived in this area for around 28 years and not for one moment have we thought about moving. We were attracted to the area by the beautiful forest and open green spaces but now it would seem that people have other ideas about our living environment. Life these days is all about pressure in the workplace and trying to keep our jobs and having somewhere to go for a jog or evening walks in these green spaces (particularly Jessel green) can be the difference between being happy in our lives or sadly depressed. I beg and urge you to please defend our right to use these spaces as a way of relieving the stress of everyday life. we are not asking for anything but are asking you not to take something away. we place our faith in you.
