

Epping Forest District Council Representations to the Draft Local Plan Consultation 2016 (Regulation 18)

Stakeholder ID	3722	Name	T	Charalambous
Method	Letter			
Date	1/12/2016			

This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

I strongly object to the proposed building on jessel green park, i always used it as a child with my brothers and other local children, we might seem to have a lot of space around area, but in reality this is forest land and to far away for children to go on their own. with the introduction of thousands of new builds, this will bring thousands of cars, the council are being naive to think all these people wont have cars 1) the roads cant cope 2) massive pollution 3) people are already thinking of selling their homes, which will affect family's and communities 4) no school places 5) not enough doctors 6) not enough police 7) not enough fire engines 8) drains and other infrastructure under pressure perhaps the council should look at ongar where a new school is being built, and open the station again for central lines. developers have already bought a lot of land there and are holding it until this happens, make them build on it or take it back this could solve a lot of problems
