Letter or Email Response:

I have studied the proposed sites of the houses to be built in North Weald Village . As we have lived in North Weald Village for 36 years now and quite a number of houses have been added to it since we moved here, I would say that our little village is of this moment pretty full. No more is it easy to park outside the shops in the village or to come to that where the village hall is, especially on a Saturday if there is an event on. Today I gave up the ghost and went into Epping because of the parking situation provided at the moment which is practically nil. People like myself who cannot walk into the village now from The Talbot and those from surrounding areas have to use our cars. People who are elderly cannot stand at a bus stop in cold weather to go a couple of stops to the Chemist in the village or shop - we need our car whilst we can drive. We do understand the need for more houses and we have to take our share but infrastructure is the main thing, such as access to the main roads/Harlow roundabout, GP surgeries, schools etc. are priority as well as adequate car parking space for not only young families but an ageing population. So I am afraid you have a difficult task ahead.
