This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: [ldfconsult@eppingforestdc.gov.uk](mailto:ldfconsult@eppingforestdc.gov.uk)

### Letter or Email Response:

I have read with extreme concern about the proposed residential development in Loughton Station Car Park for the following reason: - Infrastructure such as schools and roads are already at full stretch in the area. This would make the situation far worse. - Schools are already at capacity - The station car park is a much used resource. The homes would mean there is even less parking - The cut through to the station might potentially be lost. This is a public right of way and has been in existence for many years.
