...Redacted... I am writing to oppose the closing of the shops and underpass in lower Queens's Road. The launderette, shops and underpass are a must for those who live in the arear; I use the launderette and shops on a regular basis and always use the underpass so I can assess Queens's Road shops. We have no other shops or launderette in the area and I feel it will be a loss to the community if these shops and underpass were taken away, I personally feel the launderette is used by many people and the taking away off such a used service by the community -will be very devastating to many people - along with the use of the underpass, this is used by many people from school mums to people commuting on the train. We need to keep these business and links to the shops alive as it is good for the area - plus it will cause more travel with extra cars -which is something we cannot cope with at the moment. Please take notice and do not shut the facilities, launderette, shops and underpass. The Arup Report identifies- •Recreational pressure
