Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or compliance with the duty to co-operate, please also use this box to set out your comments**

*i do not consider the plan to be sound because previous criticism of the misguided (if not wrong) decision to build on Station car-parks and reduction of parking spaces at Troyn Hill have been ignored. Where will car park? Therefore the plan does not meet the criteria of providing a sound infrastructure to cope with the increase in population arising from the plan in an already over crowded and populated district.*

*(Continue on a separate sheet if necessary)*

7. Please set out what change(s) you consider necessary to make the Submission Version of the Local Plan legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/Effective/Consistent with National Policy) where this relates to soundness. You will need to say why this change will make the Submission Version of the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The only effective means of making the proposed plan sound is to reduce the nationally imposed target increase in housing in this district. The Council will be failing in its duty to existing residents if it fails to do so.

*(Continue on a separate sheet if necessary)*
