Subject: [Epping](#) Town's future Outlook

To Whom it may concern.

Dear Sir/Madam,

I am writing as very concerned about the future of Epping having noted plans for building on certain plots in Epping. I.E the library , Sports centre , car park epping station just few of sites proposed.

Having lived in Epping for nearly 25 years I use library regularly which is part of our community spirit. I visit Sports centre 5 times week using Gym and exercise classes. It is vital for our community to keep fit not only the young but older people so to avoid going to the doctor's. It is in walking distance for many which is ideal for those without transport.

As for the station car park which I think is madness car parking is at a premium here in Epping there is no where to park everywhere full as more cars on road . People come here from surrounding areas so where do you propose people park with all these extra flats etc .

It is sad that we have already lost our Police station now crime is running at a high with no police presence stabbings occurring on a regular basis last night Epping station man was stabbed and robbed. We are losing our community and what our lovely friendly town stands for. It will be unrecognisable if all these greedy planners have their way. It's all about money.

Yours sincerely

Geraldine Greenman.
