Dear Sir/Madam,

Land at North Weald Bassett, South of Vicarage Lane West, North Weald, Epping

There does not appear to be enough consideration being given to Archaeological investigations which when one considers the land taking of the proposed development and the medium likelihood of assets being discovered on the site (as per the Site Suitability Assessment), it should be a lot more important.

I struggle to believe the Council have allowed the site to progress this far as there has been 'a previous lack of investigation'. It clearly shows a lack of initiative by the developer. Maybe we should re-examine this and other sites allocated.

Thanks,
