Part B

REPRESENTATION

To which part of the Pre Submission Epping Forest District Local Plan does this representation relate?

Paragraph: Vision for London Stansted Cambridge Corridor A (iv)

Policy: None of the above

Policies Map: No

Site Reference: None of the above

Settlement:

Do you consider this part of the Pre Submission Local Plan to be:

Legally compliant: Yes

Sound: No

If no, then which of the soundness test(s) does it fail? Positively prepared

Complies with the duty to co-operate? Yes

Please give details either of why you consider the Submission Version of the Local Plan is not legally compliant, is unsound or fails to comply with the duty to co-operate; or of why the Submission Version of the Local Plan is legally compliant, is sound or complies with the duty to co-operate. Please be as precise as possible. Please use this box to set out your comments.

We note that in this Policy there is a reference to enhancing the environment with the provision of green infrastructure, and a commitment here to 'provide greater opportunities for more sustainable access to nature for everyone living in the corridor'. This is welcomed but is ambiguous in that it does not specify whether this would be on foot, cycle or horse. We would like to see a commitment in the Plan to ensure that ALL user groups will have access to this green infrastructure wherever practicable.

Please set out what change(s) you consider necessary to make the Pre Submission Local Plan legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/ Effective/ Consistent with National Policy) where this relates to soundness. You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

An amendment should be made to include a reference that such green infrastructure will, where practicable, be available for all user groups to access.

If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

Yes, I wish to participate at the oral part of the oral examination

If you wish to participate at the oral part of the examination, please outline why you

consider this to be necessary:

From experience, it is more beneficial for the Inspector to have the opportunity to discuss these issues in person rather than relying on written representations.

Please let us know if you wish to be notified when the Epping Forest District Local Plan is submitted for independent examination

Yes
