George GARDNER

Dear Sir/Madam,

Proposed development of North Weald Golf Club, Rayley Lane, North Weald Bassett, Epping

Traffic complications mean local residents currently have to sit in traffic every morning and evening on weekdays, whether it is those commuting or those on the school run. The infrastructure is clearly struggling and what better way to improve this than through a development that is sustainable and offers community benefits.

One of the community benefits I particularly admired from the developer was the provision of new facilities for Epping youth football club. Moving this club just a short distance away to a new development with exemplar facilities will bring enormous benefits to the area, the club itself and future generations of the sport.

I give my support to this and can't wait until the development actually commences.
