Mrs N Beadle

.....Redacted.....

Dear Sir/Madam,

Land at North Weald Bassett, South of Vicarage Lane

I outright object to development plans as I believe what's important is providing the community with the adequate infrastructure it so desperately needs. The current road network is inadequate and I think a full transport study should be carried out to assess this. I also object to the density of the houses to fit the proposed amount and its resultant impact upon the infrastructure. Road infrastructure needs to be improved and I think that part of the development should be replaced with retail and community facilities.

Yours sincerely,
