

9. If you wish to participate at the hearings, please outline why you consider this to be necessary:

I feel that the public of Chipping Ongar and surrounding villages have not be consulted on this issue by EFDC and they should be. There has been no respect for the people in these communities, just a general map which indicates most of the surrounding available land. There are omissions in P4 that could have been included and the plots would have had a benefit to the community ie a by-pass. These have been ignored

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
