While no comment is made on the principle of allocating sites around Harlow for residential, support is offered for section C (xiv) of the policy in relation to the proposals for the developments to make provision for an appropriate level of community services and facilities that would include sport and leisure facilities. As set out in representations made on policy D4 of the plan, it will be important that the provision for community sports facilities in these developments is informed and justified by the Council's emerging evidence base and co-ordinated with Harlow and East Hertfordshire councils' evidence base for sport due to the functional relationship of the proposed allocations with the urban area of Harlow. Sections C (iv), (viii), (xiii) and (xvi) are also supported due to the links with encouraging healthy and active lifestyles through the design of the development.
