Subject: Difficulty in making a submission about 950 new houses to the council

Hello Janet,

My name is Neil Camp, I live at and I have been trying to e-mail the EFD Council to give them my views on the latest proposals for building 950 houses in my local area, closing down the Epping Sports Centre and apparently building a new Sports Centre, Hospital? and School? in North Weald.

I seem to be unable to fill in the form they want me to on-line so that I can express my simple views. Clearly this is a fault on my behalf. I have to turn to you.

As I said instead of simply giving up I have come to you so that I hope you can pass my views on to Councillors or maybe you can explain how to fill in the appropriate form or whatever. It might be simpler if you could send this email round to all the councillors before the next EFDC meeting you attend. I'm sure you will do this as I am a loyal 30 year+ resident of Epping. By the way if you are not my Councillor, please pass it onto the one that is. I really am sorry to bother you.

Here are my very simply views about the 950 houses that it was proposed and recently agreed to be built in the Brook Road area:

"It is clear that the people of Epping want the 950 (or 1300) new houses to be built. They obviously want the green belt to be built on and the Epping Sports Centre to be demolished. If they didn't want this they would NOT have continuously voted for councillors who have no other intention than building the new houses and knocking down the Sports Centre.

I am a democrat so I just ask that that you, as a councillor and, if you can pass this onto other councillors, consider the following because I have no wish to change what the majority of the people of Epping CLEARLY want:

If you are going to build 950 (or 1300, whatever) new homes in a small town like Epping, PLEASE make sure that there are enough roads, school (infant, junior and secondary (or even grammar)) for all the new people that will arrive here. I hope you have a a water tight plan for where the new buildings are going to be built. I request, please don't start building the new houses until the hospital, school and road infrastructure has been put into place. I

hope you wont mind me saying this, it does seem to me to be common sense, but of course I may be wrong, I'm not a politician.

With regards to the Sports Centre in Epping, the promise, as I understand it, is that a new Centre, to replace the existing one in Hemnall Street will be built in North Weald. My simple request is that you do NOT knock the old centre down until the new complex (possible with the schools, hospital etc) are built. Otherwise where will the existing residents of Epping go to try to avoid going to hospital or the doctors by keeping relatively fit?"

Here you go Janet, you are my only hope.

I have copied this to our MP, Ms Laing, who I am sure is going to do everything in her power to ensure the best for Epping.

Yours in hope

Neil Camp
