Policy E1 – Employment Sites

- 1 As stated in Section 5 above, we would like to see Policy E1 (alongside Policies SP4 and SP5), give greater recognition and priority to the provision of new accessible and highly marketable employment land as part of the strategic allocations around Harlow, particularly at locations with the best access to the motorway network such as land close to M11 junction 7.
- 2 Paragraph 3.45 of the Plan states that:

“Given the limited supply of readily available employment sites within current policy constraints, there is scope to consider the renewal or intensification of some existing employment sites, including those within the Council’s ownership, in order to maximise their potential.” (Boyer emphasis)
- 3 The reference within the text to current policy constraints does not link with the approach taken elsewhere in the plan in terms of Green Belt release and the particular policy constraints which can be overcome. Whilst the renewal and/or intensification of existing employment sites (where possible) is a positive and important policy objective, the Council’s proposed approach in Policy E1 does not currently appear to take into account the contribution that new strategic allocations can also make to the supply of additional employment floorspace.
- 4 Collectively, Policies SP4, SP5 and E1 therefore need to set out clear requirements for the required quantity of employment land, spatial priorities for its location and specific allocations at strategic sites.
