GARDEN TOWN COMMUNITIES - PARAGRAPHS 2.103 TO 2.120 AND POLICIES OVERVIEW

HARLOW AND GILSTON GARDEN TOWN

- 1 As highlighted earlier in this representation, Epping Forest District Council, Harlow Council and East Hertfordshire District Council are working in partnership together with Hertfordshire County Council, Essex County Council, Hertfordshire Local Enterprise Partnership, South East Local Enterprise Partnership, land owners and promoters to bring forward transformational growth in the form of Harlow and Gilston Garden Town.
- 2 On 2 January 2017 the Government announced its support for the Expression of Interest submitted to the locally-led Garden Towns prospectus on behalf of the Councils. The Councils have produced a shared vision and set of objectives, recognising that areas in and around Harlow present a number of opportunities to deliver growth of considerable scale and significance. Such growth is key not only to meet growing pressures of housing and infrastructure need locally, but also in delivering broader regeneration and change for Harlow.
- 3 The Garden Town lies in the core area of the 'London Stansted Cambridge Corridor' (LSCC) - one of the most important and fastest growing economic regions in the country.
- 4 The Council indicates that the Garden Town represents a major opportunity to accommodate around 16,000 homes up to 2033 between the global centres of London and Cambridge. The Garden Town will provide a mix of development, including employment, schools and community facilities.
- 5 Harlow and Gilston Garden Town comprises four new Garden Town Communities:
 - East of Harlow;
 - Latton Priory;
 - Water Lane Area ; and
 - Gilston.
- 6 Three of these Communities (East Harlow, Latton Priory and Water Lane Area) lie within or partially within Epping Forest District and so are central to the spatial strategy for the Pre-Submission Local Plan.

OVERVIEW

- 7 Policies SP4 and SP5 relate to the new Garden Town Communities within Epping Forest District. Comments on the individual policies are set out in turn below.
- 8 There is notable repetition and overlap between the sections of the Plan that deal with Policies SP4 and SP5, both in the policy wording and supporting text. Each policy should have distinct subject matter and content, but the current wording is confusing and imprecise.
- 9 In the interests of soundness the policies should be restructured. Both policies could be edited down significantly if repetition and overlap is cut out. This is important to ensure the policies are effective.

- 10 In this respect, Policy SP4 should deal more clearly with (and be confined to) the key broad principles that apply to the three Garden Town Communities collectively. Policy SP5 should then deal with the site-specific requirements for each site, avoiding repetition of the general principles for all Garden Town Communities covered in Policy SP4.
- 11 Furthermore, although each policy is preceded by supporting text, this often merely pre-states the policy requirements which are then repeated in the main policy wording. The role of supporting text should be to elaborate and justify key policy principles rather than simply state them in advance of the policy.
