Re: Site SR-0596

Dear Planning Policy Team,

Thank you for your e-mail of 26th March 2018 inviting me to make a supplementary representation about the finalised version of the site selection Report and Appendices.

It was impossible to comment on the site selection and assessment without the information you have now finalised and subsequently provided.

Having the new information now to hand, I am able to rebut many of your conclusions about my site and employ professional assistance to put forward an exciting, sustainable development.

Regards,

Jane Gray and Sally Galloway, site owners.
