Dear Sir

I understand that building permission has been applied for at sites at Limes Farm, Jessel Green and Theydon Bois. The sites as I understand it are Urban Green Community Spaces. I object to any building on these sites as Urban Green Community Spaces are very precious in our ever expanding urban areas and will never be replaced. There are many brown field sites which should be able to accommodate building for many years to come.

I look forward to your reply, hopefully confirming that the applications for building permission has been rejected.

Yours faithfully
