Hi

My name is Lorraine Watmough [REDACTED]  
[REDACTED] and I wish to make my objections to the proposed development of Limes Farm Chigwell. Limes Farm is the only green space we have locally for recreational use, it is used by families, the children play there, people walk their dogs there, I have spoken to the Housing Minister in Government and green space should not be removed if there is nowhere else for the local people to go. We have had many many developments in the Grange Hill area over the past 15-20 years and it has now got to the stage where it is over developed, the infrastructure in the area has not been improved in any way, you can't park, where are all these people going to go to Doctors, the children what school are they going to go too? it's bloody ridiculous that you want to destroy our only green space and there are still more developments in the immediate area in the pipeline. I totally object to this proposal and would be obliged if you confirm receipt of this objection.

Mrs L Watmough

> The Local Plan that has been submitted to the Planning Inspector sets out 11 residential allocations for development in Chigwell. One of which is The Limes Estate (100 homes) which is part of the Limes Farm Masterplan Area. As part of the Strategic Masterplan, there will be some infrastructure requirements which are set out in Policy P7 of the Local Plan.
