Dear Sir/ Madame

**Re: Proposed Extensions at 7 Harrison Drive. North Weald.
Amendments to previous approval EPF/2146/18**

Please find enclosed an application on behalf of my client for planning approval development at the above property.

The application is very similar to that approved under planning approval EPF/2146/18 granted in December 2018. The one change is to increase the depth of the rear extension to match that of the adjacent property at number 8 Harrison Drive. In all other respects the application is identical to the previous approval. Please note that the property has changed ownership since the previous consent was granted.

I trust that you find the application satisfactory and I look forward to receiving your acknowledgement in due course. If you require an further information or to discuss the matter further, please do not hesitate to contact me.

Yours faithfully

Richard Bonshor
