This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

I am writing to strongly oppose any plans to build on our green space, in particular Jessel Green. The reasons are as follows:- I live in Collard Avenue and have attached 2 photos of the view from my back garden. It was because of this view that I bought my property. I wanted to look out of my window and see green open space and not a row of houses, I would have stayed living in Redbridge if that was the case. I like living in the middle of a forest with lots of green belt. IF I wanted to live in a concrete jungle I would live in inner London. I have 3 grand children and use the local park and green in order for my grandchildren to enjoy this wonderful open space, it truly is a sight to be seen during the winter months when the snow falls and families are on the green with their sleighs having a fantastic time, their laughter is infectious. Jessel Drive is a narrow road and buses have difficulty using this road with cars parked mainly on one side of the road, the congestion this would cause by more vehicles will be dangerous. Their infrastructure in Loughton would not be able to come with such a vast increase in occupation, parking in Loughton and Debden is extremely difficult now, hence the reason lots of shops are closing. please reconsider the proposals and save our green spaces for the sake of the next generation. Yours sincerely
