### Letter or Email Response:

Re: Jessel and Rochford Green I am writing with regards the "proposals" set out for new homes mentioned above. I have been a local resident for 30 years and have previously lived in Jessel Drive and now live next to Rochford Green. I have a family of three girls who attend Hereward Green. Both of these greens have been used regularly by my child and their friends. It has been a great meeting point for them and an area they can use quickly. There would be nowhere locally I could let them "run" outside the house and be free to play without driving them elsewhere. I find it inconceivable that these greens would be lost to an already crowded area - where will our children play?? Traffic and parking are already a problem - Barrington Road, Ladyfields, Colson Road to name a few bare the brunt of cars parked for the station. This will spread out further with more homes. School and doctors already struggle - again these will be negatively impacted. I completely object in the strongest terms to the proposed sites and hope that these proposals will be avoided in order to allow us all to enjoy the little remaining open spaces that we still have. Kind Regards,  
....Redacted.... High character sensitivity
