Part B – Your representation on the Main Modifications and/or supporting documents

If you wish to make more than one representation, please complete a separate [Part B form](#) for each representation

4. Which **Main Modification number and/or supporting document** does your representation relate to?
(Each Main Modification within the Schedule has a reference number. This can be found in the first column i.e. MM1, MM2 and each Supporting Document has a reference number beginning with ED).

Any representation on a supporting document should clearly state (in question 6) which paragraphs of the document it relates to and, as far as possible, your comments should be linked to specific Main Modifications. You should avoid lengthy comments on the supporting documents themselves.

MM no.

Supporting document reference

5. Do you consider this **Main Modification and/or supporting document**:
(Please refer to the Guidance notes for an explanation of terms)

a) Is Legally compliant Yes No

b) Sound Yes No

If no, then which of the soundness test(s) does it fail

Positively prepared Effective

Justified Consistent with national policy

6. Please give details of why you consider the **Main Modification and/or supporting document** is not legally compliant or is unsound. Please be as precise as possible. If you wish to support the legal compliance, soundness of the Local Plan or compliance with the duty to co-operate, please also use this box to set out your comments.

The Council has amended the supply figures in Table 2.3 to reflect the Inspector's Interim Findings (ED98). However, the table still indicates a planned delivery of 11,400 new dwellings over the plan period (2011-2033) or 518 dwellings per annum (dpa) (based on the 2015 SHMA figure). The requirement of 518 dwellings per annum is a decrease from the 2017 SHMA, which sets out an OAN requirement of 572dpa, and the Government's 2014 household growth figures generate a need for 684dpa. Furthermore, these figures do not make allowances for unmet needs from neighbouring authorities, changes to migration and unmet needs and demand from London, where the London Plan is acknowledged not to meet London's needs. All of these figures in turn, remain significantly below the Government's Standardised Methodology figure of 953dpa. We accept that the Epping Forest Local Plan (EFLP) has been tested against the 2012 NPPF given the timing of submission, but it is clear that the Local Plan does not, and will not, meet housing needs. The Government expects future assessments of local housing need to follow the standard method set out in NPPG unless exceptional circumstances apply (*Paragraph: 003 Reference ID: 2a-003-20190220, Revision date: 20 02 2019*).

Consequently, as outlined in representations regarding MM112, the Council should commit to replacing this local plan at the earliest opportunity with a NPPF 2021 compliant assessment of local housing need using the Standard Method calculations and planning for greater growth as required.

7. Please set out what change(s) you consider necessary to make the **Main Modification and/or supporting document** legally compliant or sound, having regard to the test you have identified in the question above (Positively prepared/Justified/Effective/Consistent with national policy) where this relates to soundness. You will need to say why this change will make the Submission Version of the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The supporting text to Table 2.3 should be updated as follows:

The local housing need figures supplied in Table 2.3 will be assessed as part of an immediate review of the adopted Local Plan, as outlined in Policy D8.

(Continue on a separate sheet if necessary)

8. Have you attached any documents with this representation which specifically relate to an MM or supporting document?
