Letter or Email Response:

Dear Sir, I am registering my strongest objecting to the proposed sites you want to develop in Epping, especially taking and using recreational sports hall and arable land, they will change the whole aspect of Epping and destroy the reasons why people choose and like to live here. The extra strain on the community will be felt by everyone that includes rate payers and visitors alike, it's sustaining resources and infrastructure, health, roads etc. Will all suffer and it will start to destroy the Town of Epping and the community feeling and atmosphere that we have now. This is why these plans must be revised to take these facts and peoples feelings and well being into account. You must not lose sight of the reason the Council was elected it was amongst other things to protect the interest of its electors not to help developers spoil and change things for the worse. Yours Sincerely,Redacted....
