Theydon Bois (Draft Policy P 8)

No

Please provide reasons for your view on Theydon Bois:

There is a lovely countryside around Theydon Bois, which is already suffering from the proximity of the ecologically disastrous M11 and M25. Any additional housing around Theydon Bois will transform this lovely village into an average settlement with no identity or character, which could be found elsewhere in Britain. The destruction of the village's current character is not something envisaged by EFDC's "Vision". The village

already suffers from the shortage of doctors, congestion and crowds of commuters using the Theydon Bois tube station as a link to London.

Please explain your choice in Question 7:

The approach is very generalised and does not take into account the unique character of the village.
