This document has been created using information from the Council's database of responses to the Draft Local Plan Consultation 2016. Some elements of the full response such as formatting and images may not appear accurately. Should you wish to review the original response, please contact the Planning Policy team: ldfconsult@eppingforestdc.gov.uk

Letter or Email Response:

I moved to Essex 30 yrs ago from Islington to raise my family to have a better way of life, Islington concrete jungle, Essex lovely clean air and fresh green fields. Today is a different story, I live opposite Westall park which has a small piece of green beside it, I am very upset of the thought that new homes would be built on it. We need all the green spaces we can for our children to be able to be children and play happily running around kicking a football or playing a game of rounders as there is so much obesity in young people today. We need to keep our green spaces for peoples health and minds (Mental Health) green spaces give us a sense of calm and tranquility calming the mind. I would love Westall and Jessell Green to remain for my Grandchildren to play on as my children have done and for many more families to enjoy. I know we are a population that is getting bigger and we need more housing but please can you look elsewhere as I would like to protect my green Westall Park Green if I could.
