Letter or Email Response:

We feel and object most strongly to the proposed draft plans set out in "LRA's LOUGHTON LIFE" Autumn 2016.

....Redacted.....Redacted.... "Where do THEY want to build? We do not see any advantage in destroying any of the sites listed. As stated 3 developments are already in hand! THEY - who are set on destroying the Town of Loughton for residents who currently live here and take a pride in Loughton as it is now. THEY - who are set on destroying Loughton for future generations. What legacy does this leave?" Yes! Public open space provision is barely adequate now and must not be reduced. We endorse the 6 valid reasons listed on page 2 of "Loughton Life". Why is our Council not planning new garden villages when other Essex districts are? We totally oppose building on Loughton's open spaces and believe the vast majority of Loughton residents will oppose this too. It goes without saying that the current infrastructure cannot cope now, eg health care, schools, roads etc. Failure in these areas all go to undermining the fabric and well being of local residents. It is unbelievable that any of the above should ever be contemplated let alone allowed to happen. From caring residentsRedacted....
