Letter or Email Response:

Planning Policy Team, Re: proposed housing development on the land to the South of Brook Road I would like my views as a local resident to be considered on this matter. I have seen the plans for the 244 proposed homes and feel that they represent the best way to include any housing provision in the local plan. Of all the possible sites in Epping it has sustainability due to its good transport links, and also fits into a piece of land that is already affected by the M25. This way it doesn't make any further impact on to our countryside. In my opinion the council doesn't need to look any further for housing development sites,
