Survey Response:

1. Do you agree with the overall vision that the Draft Plan sets out for Epping Forest District?

Please explain your choice in Question 1:

The time allowed for people to challenge this is far too short, these directives from various levels of government from the E.U. down to local councils give people little time to respond to this compared to the amount of time it has taken to put this together. If this plan was to be imposed on Ongar it would destroy the town units present form. Ongar as a small market town has already had traffic problems due to the nature of the high road (I have enclosed and Essex County Council document from 1973 highlighting the problem) This problem has been around for decades but the Local Plan has chosen to ignore this, yet previous County authorities considered this a major issue in the town, therefore how can this plan be considered in light off previous statements from County about the problem. The current plan calls for accelerated housing development in Ongar starting within 2- 3 years, I believe this plan should be put on hold until further discussions take place to provide the support and needs of local people which is mentioned often in the local plan prospectus.
