7. Do you agree with the approach to infrastructure provision being proposed in the plan?

**Strongly disagree**

Please explain your choice in Question 7:

I feel that the sentiment is there of what would happen in an ideal world but in practice we will no doubt see no new schools, GP surgeries or other services. We have lost our police station, the hospitals are constantly over worked and GP surgeries have two weeks wait for an appointment. I see no way this will stay the same with extra people in the town, it will just get worse.
