(REVIEW ORIGINAL DOCUMENT 161124 Local Plan Reg 18 Representation - Final.pdf) Section 5.0 of these representations will go on to consider Green Belt and landscape impact in more detail having regard to the correct site area and a dwelling capacity that has been directly informed by these sensitivities. It will demonstrate that it is imperative that the Council recognise the fundamental error they have made in their evidence base by assessing an incorrect site area and dwelling capacity based on an out-of-date SHLAA entry from 2012 despite updated information being provided to them, and acknowledged as such, as part of the 'Epping Forest Developer, Landowner and Promoter Survey 2016'.
